UNIVERSIDAD DE GUANAJUATO

INTERNATIONAL CONFERENCE ON

APPLIED ELECTRONICS AND COMPUTERS

(ICAppLEC 2023)

The ICAppIEC aims to promote the design and implementation of novel systems for all different applications of electronics and computers. The objective is to spread recent achievements in the advancement of Electronic Engineering, Computer Science and their applications, sharing the latest developments in comprised fields for facing the challenges that the present and the future pose.

CALL FOR PAPERS

The ICAppIEC 2023 welcomes original contributions describing unpublished work not currently under review or being considered in any other forum, which may include, but are not limited to:

Analogue and digital electronic systems
Embedded systems
Image and video processing
Industry and transport
Machine diagnosis
Machine learning
Measurement and control
Medicine and bioelectronics
Optoelectronics
Power electronics
Renewable energy sources
Real-time processing
Signal processing

IMPORTANT DATES

**Submission Deadline
(English or Spanish)**
October 1, 2023

**Acceptance
Notification**
October 4, 2023

The proceedings will be published on a special issue of the Journal:
Jóvenes en la Ciencia
ISSN: 2395-9797
